## Wein und Spirituosen

■ Emotionen und Ambiente. Wein für Zeiten der Sinnlichkeit: Er steht für Genuss, Kultur und Lebensfreude. Mit Wein, Sekt und Spirituosen kann der Lebensmittelhandel besondere Kompetenz beweisen. Ein durchdachtes Sortiment dient der Profilstärkung – wenn das Angebot ansprechend präsentiert ist. Dabei spielt die Anmutung der Regale eine ebenso wichtige Rolle, wie die klare Gliederung der Qualitäten, Sorten oder Herkunftsgebiete. Wir bringen Ihren Wein zur Geltung.

■ Emotions and atmosphere. Wine for sensuous moments: it stands for relaxation, good taste, culture and savoir-vivre. Food retailers can distinguish themselves from the competition by offering a range of carefully selected wines and spirits. A well-chosen range of such beverages helps strengthen your profile as a retailer – provided that the quality of presentation matches the product quality. Shelves must be attractive while providing the option to structure the wine range by colour, country of origin and price range. We will present your wines in the best possible light.
